President's Address

MOT DU CO-PRESIDENT DE LA “THE MIGRATION CONFERENCE 2022 RABAT”

Nous accueillons avec plaisir cette édition de « The Migration Conference 2000 Rabat » qui se tient au Maroc et qui est accueillie par l’Université Mohammed V de Rabat.

Ce rassemblement scientifique considéré comme le plus important traitant des questions migratoires réunit des académiciens, des chercheurs, des représentants de médias et de la société civile ainsi que des décideurs depuis dix ans et représente une occasion pour lancer une réflexion profonde autour de la thématique dans la mesure où les migrations sont érigées aujourd’hui en sujets prioritaires de débat sociétaux.

Dans ce contexte, des catégories de migrants apparaissent, les pays de départ se transforment en pays de transit ou d'accueil et réciproquement et la formulation d'un droit à la mobilité des personnes apparaît. Sans oublier qu'aujourd'hui, la pandémie a accru la situation de précarité des migrants, les discriminations à leur égard et leur vulnérabilité.

Pour le Maroc, de par son positionnement géographique et sa position géostratégique particulière, la question migratoire est devenue depuis les années 60 un phénomène sociétal de grande envergure notamment pour une bonne partie de la jeunesse.

De même, et durant les dernières décennies, le Maroc est passé au début d'un espace de transit pour se convertir en pays d'établissement pour les migrants provenant de pays d'Afrique subsaharienne.

Cette réalité nous interpelle tous aujourd’hui puisque toutes les composantes de la société sont sollicitées et sont appelés à apporter des réponses adaptées à cette nouvelle réalité.

En effet, et étant donné le caractère pluriel et complexe des questions soulevées par la problématique de la migration, les politiques publiques dans leurs différentes dimensions : politique, économique, sociale et culturelle sont sollicitées ; tous les départements étatiques sont interpellés et tenus d'apporter des réponses adaptées à cette problématique à caractère transversal y compris la santé, l'emploi, l'éducation et la formation, la sécurité, etc.

De plus, ces mouvements migratoires modifient et affectent les relations internationales ce qui implique par conséquent une diplomatie nouvelle et repensée prenant en compte cette dimension migratoire.

Cette rencontre, par le biais de débats d'idées, pourra apporter des propositions innovantes qui permettraient d'aller de l'avant dans la compréhension de cette question qu'est la Migration et la proposition de résolutions aux situations complexes., tel est notre souhait.

Professeur Mohammed Rhachi

Mohammed V University of Rabat, Morocco

Chair's Welcome

Dear colleagues,

We are pleased to welcome you to The Migration Conference 2022 Rabat. The Migration Conference series attracted a few thousand colleagues over the last 10 years and surely became one of the largest ongoing events on migration and the largest scholarly gathering with a global scope.

The conference covers all areas of social sciences, humanities, economics, business and management. More popular areas so far included work, employment, integration, refugees and asylum, migration policy and law, spatial patterns, culture, arts and legal and political aspects which are key areas in the current migration debates and research.

Throughout the program of the Migration Conference, you will find key debates and scholarship discussed in 87 sessions accommodating about 350 presentations by over 400 contributors from all around the world, from Australia to Canada, China to Morocco, Brazil to Japan, and South Africa to Norway. We are proud to bring together experts from universities, independent research organisations, governments, NGOs and the media.

We are also proud to bring you opportunities to meet with some of the leading scholars in the field.

Although the main language of the conference is English, every year we host a good number of sessions in other languages. This year is not an exception as we will have sessions in English, Arabic, French, Spanish, and Turkish.

We thank all participants, reviewers, track chairs, session chairs, invited speakers and conference committees for their efforts and contribution. We also thank many colleagues who were interested in and submitted abstracts but could not make it this year. We are particularly grateful to colleagues who served as reviewers and helped us in the selection process.

We are grateful to the host organisations, Mohamed V University, Faculty of Social and Legal Studies in Agdal, AMERM, and International Business School as well as all other supporters and friends of the TMC.

Please do not hesitate to get in touch with us through the conference email (migrationscholar@gmail.com).

Ibrahim **Sirkeci** and Mohamed **Khachani**, Conference Chairs

On behalf of The Migration Conference Committee

“The Migration Conference” (TMC)

Cette conférence que le Maroc accueillera en septembre 2022 est la manifestation scientifique la plus importante au niveau international sur les questions migratoires.

C'est une série annuelle de forums rassemblements universitaires réunissant des académiciens, des chercheurs, des décideurs, des représentants des médias et de la société civile et des étudiants depuis 2012.

Chaque année, environ 500 participants d'environ 60 pays assistent et participent à plus de 80 sessions parallèles, tables rondes, ateliers et plénières.

Les initiateurs:

La Conférence sur la migration a été lancée par un comité exécutif composé du professeur Ibrahim Sirkeci de l'International Business School au Royaume-Uni, le professeur Jeffrey H. Cohen, de l'Ohio State University et le Pr Philip L. Martin de l'Université de Californie, Davis aux États-Unis.

Les premières conférences sur la migration ont été lancées en 2012 au Centre d'études transnationales sur le campus Regent's Park de l'Université Regent de Londres. Les conférences suivantes ont été organisées respectivement à Londres (2014), Prague (2015), Vienne (2016), Athènes (2017), Lisbonne (2018), Bari (2019), Tetovo (2020) et Londres (2021). En raison de la crise du COVID-19, les deux dernières éditions de la conférence se sont tenues en ligne.

Comment l'idée est née pour organiser la TMC 2022 au Maroc

La première participation de l'Association Marocaine d'Etudes et de Recherches sur les Migrations (AMERM) à ces conférences date de 2019 à l'université de Bari (500 participants) organisée par la Prof Michela Pellicani (membre du Conseil scientifique de l'AMERM). Lors de l'édition de Londres de 2021, le conseil scientifique de la TMC a proposé à l'AMERM d'organiser une session en français sur la migration marocaine coordonnée par le Pr Mohamed Khachani à laquelle ont pris part 6 chercheurs marocains, alors que la langue officielle de la Conférence est l'anglais. C'est lors de cette conférence de Londres que la proposition d'organiser l'édition 2022 au Maroc a été faite au président de l'AMERM.

Compte tenu de l'importance de cet événement qui demeure la principale et la plus importante manifestation scientifique mondiale sur la question migratoire, ce projet a été accueilli favorablement par Mr le président de l'Université Mohammed V de Rabat désigné comme co-président de la TMC 2022 Rabat.
